

AT4E L-FEED STAINLESS

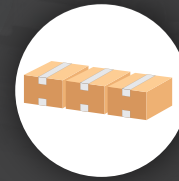

FULLY AUTOMATIC 4-EDGE CARTON SEALER WITH L-TURN

The BestPack AT4E Stainless Steel Series is an operator free, four outer edge carton sealer with corner seals, using pressure sensitive tape. These carton sealers are designed to eliminate costly hand taping of the four outer edges where pilfer proofing and protection of your product from outside environment is necessary. The AT4E Stainless Steel model is designed for uniform edge sealing applications where there is a wet environment. The units are designed with an automatic front side feed 90 degree box turn.

All BestPack stainless steel sealers are made with food grade 304 stainless steel for 21 CFR 110 compliance and include 304 High Speed stainless steel tape heads. Units are available for either splash resistant or wash-down applications. This unit is also available in standard finish. Standard 3" Tape Head.
