

RQ

RANDOM QUAD DRIVE CARTON SEALER

The BestPack™ RQ Series is a Semi-Automatic Random Tape Carton Sealer built for speed and rugged dependability. With a quad-belt drive, the RQ is a heavy-duty work horse that effectively seals unstable cartons, including cartons that are taller than they are long, overfilled, very heavy, or otherwise difficult to seal.

All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.
