

## CSEEG Series

### Fully Automatic Random Side Drive

The BestPack CSEEG Series is a Fully Automatic Random Carton Sealer. Designed for flexibility and high speed, our advanced engineering allows the CSEEG to seal cartons and crate pass through at 20 - 30 cartons per minute. Our CSEEG machine is purpose built for the egg industry's standard carton sizes: 30, 24, 18, 15, 12, 9, and 5 dozen, as well as for reusable plastic crates.

Our CSEEG line incorporates our exclusive 2" or 3" pop-out pressure-sensitive "High Speed" tape heads with BestPack's patented tab adjustment. All BestPack units are available in our standard baked enamel finish and food-grade 304 stainless steel for 21 CFR 110 compliance.
