

AFXU

AUTOMATIC FRUIT BOX CARTON SEALER

The BestPack AFXU Series is an operator-free carton sealer designed to cater to the heavy duty needs of HSC carton usage. Using pressure sensitive tape to seal cartons, the AFXU was designed for oranges, lemons, potatoes, and other produce. It has four stations: an indexer station, a positive outer sleeve lifting station with vibration that is activated only if the outer sleeve does not lift, a flap folding station, leading to a final station which seals the top and bottom flaps, leaving the top and bottom flaps sealed but not tabbed together.

All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.

NO OPERATOR REQUIRED

UNIFORM CARTONS

TOP & BOTTOM SEAL

220 VOLTS 3 PHASE

Power Requirements

UP TO 38 CPM

Speed

90 PSI, 8 SCFM

Air Requirements

1,098 LBS

OPTIONS

- Spare Parts Kit
- Low and/or No Tape Alarm & Sensor System
- Infeed/Exit Conveyor w/ L-Bracket
- Food Grade 304 Stainless Steel

EXTRA ACCESSORIES TO IMPROVE EFFICIENCY

SPARE PARTS KIT

Spare Parts Kits may vary based on machine
Minimize downtime with BestPack's Spare Parts Kit.

SPARE TAPE HEAD

Order a spare tape head with your machine to minimize downtime. Having a spare will allow you to drop in a tape head with a new roll of tape in no time!

LOW OR NO TAPE SENSOR

The low tape light allows the operator to prepare a new roll of tape. The no tape alarm will inform the operator of the error so that the carton may be resealed.

FOOD GRADE 304 STAINLESS STEEL

This machine is available in 304 stainless steel which is food grade safe for food applications.

CARTON SEALING TAPE

Put high quality tape on your BestPack Carton Sealer. Make sure to order machine length rolls for your new carton sealer.
