

10 REASONS TO PURCHASE A BESTPACK CARTON SEALER

The engineered quality of BestPack's carton sealers will assure that you benefit from years of innovation and customization expertise.

Here are 10 reasons that will help you become more efficient, operate more safely, cut costs, and maximize your profitability.

Faster Sealing Rate = Less Production Time and/or More Output for your company

BestPack Sealers gives you a consistent seal with only 1 strip of tape

01

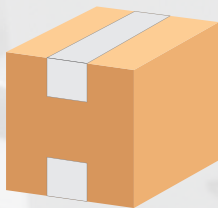

INCREASE OUTPUT

BestPack's line of High-Speed Carton Sealers can increase your sealing rate up to 1.5 times.

02

ELIMINATE DOUBLE TAPING

Carton Sealers only apply one strip of tape on the top & bottom of the box eliminating the extra cost of tape when manual laborers place 3 or 4 strips of tape per box.

3" Taped Box

2" Taped Box

Great Presentation

03

REDUCE TAPE COST

Going from 3" tape to 2" tape with quality tape and automation could be a possibility.

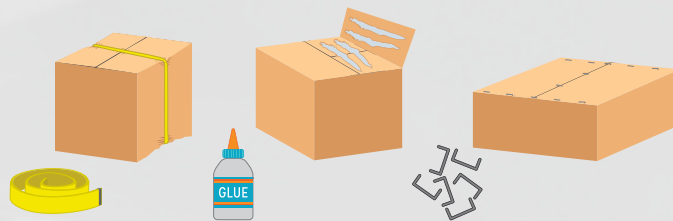

04

ENHANCED PACKAGING

Without unnecessary strips of tape on the box, the outside packaging looks more clean-cut and presentable for on-the-shelf presentation.

The consistent seal from carton sealers also provides a more secure box.

Avoid using straps, glue, & staples. They can damage the products with an unsecured seal.

05

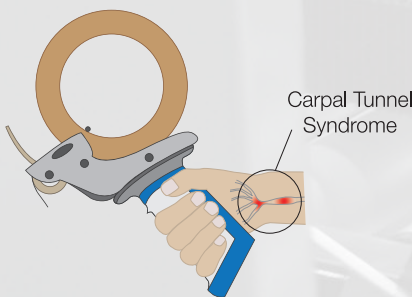

ENHANCE PRODUCT SECURITY

Automated carton sealers provide better and more consistent carton security for transport of items, thus eliminating losses from pilferage.

06

ELIMINATE PRODUCT DAMAGE

Using staples, glue, or strapping can sometimes damage product while being packaged. There are high maintenance costs using staple & glue sealing machines.

Carpal Tunnel Syndrome

No more Claims Forms!

07

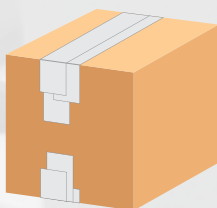

REDUCE EMPLOYEE INJURIES & DOWNTIME

Carton Sealers will stop repetitive motion for your employees, and eliminate fatigue, downtime, and claims for carpal tunnel syndrome.

08

REDUCE WORKMAN'S COMP PREMIUMS

With reduced claims and this preventive measure, workman's comp premiums may be able to be reduced.

Uneven Tape Positions & Lengths

Consistent Seal everytime with a Carton Sealer

Carton Sealers can save up to 20% of your corrugated costs

09

ELIMINATE UNEVEN TAPE LENGTHS & POSITIONS

Carton Sealers will regulate the length of each tape tab to eliminate excessive tape costs per box.

10

SAVE ON CORRUGATED

BestPack's R&D in carton sealing technologies has developed new solutions that can save your company up to 20% of your corrugated & packaging costs.
