12+ SCFM**

Air Requirements

1320 LBS

Shipping Weight

The CSEG's High Speed design & flexibility allow for egg manufacturers to meet increasing demands. With advanced engineering the CSEG can reach speeds of up to 30 cartons per minute. Capable of sealing egg industry carton sizes & reusable plastic crates. Our CSEG is an excellent solution for egg manufacturers.

“ Since our customers require packing with different dozen counts, the efficient random adjustment to different carton heights occurs without difficulty. ”

BestPack's CSEG is **INNOVATIVE, VERSATILE, & COMPATIBLE**

INNOVATIVE - Having one of the smallest sealing footprints in the industry, the CSEG can be easily integrated to almost any egg packaging process.

VERSATILE - The CSEG has the ability to seal different industry standard egg carton sizes. The ability to run bottom sealed cartons, no seal, top only seal, and crate/RPC bypass makes the CSEG the most versatile egg sealer in the industry.

COMPATIBLE - Maintained high speed output means that our CSEG can match the speed of the fastest egg graders available today!
