**CAN PRODUCTION ACCOMMODATE
DOWN TIME FOR TAPE ROLL CHANGES?**

Yes No

**CAN PRODUCTION ACCOMMODATE
DOWN TIME FOR MAINTENANCE?**

Yes No

For fully automatic applications it is the responsibility of the end user to inform their corrugator that the cartons need to be well scored, with proper glue joints, and 3/8" or larger slots. Applications for C-Series type fully automatic random sealers require minor flaps to be slightly tucked inside major flaps before closing.
